

Hospital Database ER Diagram Assignment 1

Sanchit Goel | February 4, 2021

There is no weak entity since every entity has an id attribute acting as the primary key.

All relationships are strong as no entity is weak.

This diagram is made using lucid chart. I used lucid chart because there ui is really good.

Link to the diagram: <https://lucid.app/lucidchart/invitations/accept/71cc526c-f462-4016-b3c8-2e4139065d46>

If you want me to stop using this software, I'll then change my software to mysql workbench.
